AN ADAPTIVE DANCE PROGRAM FOR CHILDREN FACING VARIOUS CHALLENGES

*Spring 2021 Classes
coming soon.*

Dance 4 All Abilities is an adaptive dance program for children facing various challenges. This program provides fun, small group dance classes using creative movement principles with modified ballet technique and allows dancers with Autism Spectrum Disorder, Down syndrome and physical disabilities to engage, explore and express themselves in dance.

Our classes are taught by Connecticut Dance School trained faculty, Patrice Pudvah Logan and Debra MacDonald. Both completed Boston Ballet's Adaptive Dance Teacher Training Program. Our classes are supported by licensed physical therapists, special education teachers and peer mentors.
